Doctors of the Parallels

A Channeled Message on Advanced Beings and Multidimensional Healing (October 29, 1999)

OVERVIEW

This 57-minute message introduces 'Doctors of the Parallels'—advanced beings who operate across multiple dimensions providing knowledge and healing. After 10 years of communication, the beings are now ready to reveal their true nature and mission more fully.

CORE CONCEPTS

Long Relationship Established: The beings mark 10 years of ongoing relationship with the group, establishing deep mutual coercion and compatibility.

Watered-Down Perfection Initially: Early communication required extreme dilution and tapering of information so human consciousness could comprehend. Information had to be 'watered down.'

Progressive Revelation: Communication has progressed through persistent, persistent work to raise human comprehension capacity.

Doctors of the Parallels: These are advanced beings functioning as healers and knowledge-givers across dimensional structures.

Values and Outer Perimeters: They operate within equilibrium values beyond the parallels, at outer perimeters where material meets non-material.

Reciprocal Service: After humans have served and been compatible, the beings reciprocate by taking them into outer understanding.

Functional Light of Life: Beyond parallels and differentials is 'functional light of life itself'—the core operating principle of existence.

Comprehension Capacity Limits: Information will sometimes seem bewildering because human minds haven't evolved to fully comprehend parallel realities.

Collaborative Understanding: The beings and humans work together to settle understanding within each person's current circumference of capacity.

Fullness Achievement: The beings decided to bring their work to fullness rather than abandon what was started—commitment to completion.

KEY TAKEAWAY

The beings have been systematically elevating human consciousness through careful progression. What seemed like complex communication was actually teaching adapted to human comprehension limits. 'Doctors of the Parallels' are advanced healers working across dimensions. After 10 years of relationship, deeper revelations about parallel dimensions and consciousness healing are becoming possible.
